

The St Jean de Freres Orthodox Elementary School offers **FREE** education and meals to 250 Haitian Orthodox children. 100% of funds from the Sponsor a Child Program go to this cause. In keeping completely transparent, below you will find our school budget, as well as an ongoing list of finances coming into the account, going to the school, and what is being spent.

As you can see, salaries are **VERY** modest. Our cost for educating and feeding each child, for a full year, is approximately \$300 per child per year (in the US this ranges from \$6,000 - \$12,000 per year). With the economic crisis in Greece, the school has been suffering financially the last few years, and is behind nearly \$20,000 in salaries, rent and other costs. Even Fr. Barnabas, who has a family with 4 children, has not received a salary in over 18 months. However, the staff and the landlord have been working with us to keep the school open. This situation however, cannot go on much longer. We need to start generating income or the school will close after 23 years. Please consider sponsoring a child or making a one-time donation to the school [here](#) .
